LEGISLATURE OF NORTH CAROLINA

Bill to Prevent Liquor From Coming Into the State.

GAMBLERS ARE VAGRANTS

House Passes Substitute Vagrancy Bill—A Remarkable Case of Death.

(Special to The Times-Dispatch.)

RALEIGH, N. C., Feb. 4.—Representative Young, of Ashe county, introduced in the House to-day, a bill to prevent liquor from being imported into North Carolina. It prohibits the shipment of intoxicants from one point within the State to another within the State, and then provides that in cases where railroads, express companies or other common carriers receive liquors at points without the State for delivery in North Carolina, such packages shall be conveyed to the first station within the borders of North Carolina and notice sent to the consignee, and if he does not apply for it at that station within thirty days, it shall be sold at auction. There are clauses exempting common carriers from civil action for stopping the packages at the first station within the State instead of delivering it at the shipping station of the consignee.

Penalties are \$20 fine, thirty days' imprisonment for first offense, and for subsequent offenses service on public roads six to twelve months.

Bright's Disease and Diabetes News.

1737 Broadway, San Francisco.

To the church women of the South:

It is so hard for people to believe that Bright's Disease and Diabetes are now curable that I am asked to permit reference to my own case. There are too many dying to remain silent. I had both Bright's Disease and Diabetes for over five years. Was very feeble, had dropsy, and the physicians told us the case was hopeless. I heard that people were being cured in this city and procured the treatment. In a few months the dropsy disappeared and in a year I was well. To show how well, will say that later I stood a capital operation at the Waldorf Sanitarium in the presence of six physicians. Many friends, including Dr. Markell, of Clayville, and Judge E. B. Cutler, of Pine Street, are fully cognizant of my recovery. In fact, Judge Cutler is himself now recovering under the same treatment. Let the cure be proclaimed to the world.

MRS. S. E. CLINE.

This is entirely correct.

E. B. CUTLER.

The above refers to the newly discovered Fulton Compound the first cure in the world for Bright's Disease and Diabetes. Owens & Minor Drug Co. is local agent. Ask for pamphlet.

When to suspect Bright's Disease—Weakness or loss of weight; puny ankles; head or eyelids; kidney trouble after the third month; urine may show sediment; failing vision; drowsiness. One or more of these.
